

Fact sheet

as of 31.03.2023

The Helvetica Swiss Opportunity Fund invests primarily in Swiss logistics properties, data centers and Retail parks. The fund units are traded over-the-counter. Admitted for qualified investors only.

Highlights

Review	The fully rented logistics property in Studen acquired at the end of the previous year with long-term rental income of CHFm 1 per year and a market value of CHFm 13.9 was integrated into the portfolio in January. The market value of the portfolio thus increased to around CHFm 336, while the "actual rental income" rose to around CHFm 18. Negotiations to extend the lease on the property in Root by a further 5 years for around 8,500 m2 were successfully concluded.
Outlook	The fund management is currently negotiating a sale and lease back transaction for a modern and sustainable production and research building, which will have a positive impact on the fund's key figures. The tenant, which is active in the technology sector, guarantees high creditworthiness and long-term rental income. Under good market conditions, the fund management is also considering a capital increase to enable further growth in line with the fund strategy. Rent increases due to index adjustments will be implemented.

Portfolio Key Figures

As per month end		03.2023	12.2022	09.2022
Market value	CHF	335.7m	321.8m	323.9m

Property and location quality

The Helvetica Swiss Opportunity Fund invests primarily in Swiss logistics properties, data centers and Retail parks. The fund units are traded over-the-counter. Admitted for qualified investors only.

Fund Description

Investment objective

Establishing a portfolio of commercially used special-purpose properties throughout Switzerland. Long-term preservation of substance as well as an appropriate distribution of earnings.

Investment objective

The fund invests in commercial real estate throughout Switzerland. The focus is on logistics properties, data centers and retail stores in locations with good access for public and private transport that offer stable revenues due to high rental occupancy and long-term leases with few tenants. In order to achieve a risk-appropriate, long-term increase in value and income, the aim is to achieve a broad diversification of types of use and locations.

Investment Arguments

- You benefit from above-average investment and distribution yields.
- Inflation protection through real assets.
- You invest in an unlisted fund with stable value.
- You participate in investments in attractive special properties with a stable cash flow return and appreciation potential.
- The strictly regulated fund management offers high investor protection.
- Your investment is managed by experienced real estate specialists with a track record of many years.
- Your fund units are tradable over-the-counter.

What strategies does the fund pursue

In what does the fund invest

The fund invests in special-purpose properties throughout Switzerland¹. The focus is on usages such as logistics, data centers and retail stores, but also production and industry.

Why a growth strategy

Because special-purpose properties have not been in the investors focus in recent years, we consider the timing for investments in these usages to be good - also because demand has changed structurally.

What is the fund's cost policy

The fund generates attractive returns on investment with an above-average TER. Therefore, the fund performance pursues a disciplined cost management with the long-term goal of a TER_{REF} GAV of around 0.90%.

A consistent financing strategy

The fund's regulatory low debt financing ratio allows it to strategically focus on and benefit from rather lower short-term interest rates. Historically, short-term interest rates have been lower on average than long-term rates, but somewhat more volatile.

¹ See map chart on page 5, according to the Federal Office for Statistics.

What are the long-term goals

What are the investment objectives

The long-term target return should be around 6% above the 10-year bonds of the Swiss Confederation. Furthermore, the fund management aims to achieve a long-term, attractive and sustainable distribution of around CHF 5 to 6 per fund unit.

What sustainability goals does the fund pursue

All properties are to be certified with a recognized certification system by 2032. Where economically viable, sustainable renovation measures will be implemented. The fund portfolio is to be climate-neutral by 2050.

Which fund volume is in focus

The fund is aiming for a size of over CHF 1 billion, spread over properties throughout Switzerland. The focus is on high-quality properties in line with the strategy. Investments are only made if the general conditions such as price, use, property and tenant quality are right.

Where are the medium-term priorities

1. Expansion of the portfolio

The fund management company is closely monitoring current economic developments. On the buyer side, we expect a generally more cautious investment policy, which should lead to a cooling in the transaction market. The portfolio is to be further expanded in terms of quality. The focus is on fully-leased special properties in good locations with a return in line with the market.

2. To achieve a sustainable return on investment

Build a portfolio with broadly diversified special uses and moderate long-term rental contracts in industries with above-average demand for rental space.

3. Consideration of a listing

Listing on the SIX Swiss Exchange to increase liquidity and transparency and expand the Investors is sought

4. Ensure sustainability

Implementation of the sustainability strategy for the portfolio and certification of all properties, as well as publication of the first GRESB Benchmark by 2026.

Our Sustainability Commitment

E - Environment

We are committed to positive and sustainable change in new ways and are passionate and energetic about the environment and quality of life for future generations.

S - Social

We treat our employees and communities fairly, equitably and with respect, and are committed to long-term relationships. We provide a safe, inclusive work environment with an active contribution to society.

G - Governance

We create trust through transparency, are fiercely independent and ensure alignment of stakeholder interests. At the same time, we strive for the highest possible ethical standards in our reporting.

Our sustainability initiatives must:

- Be smart
- Make sense
- Stand the test of time

Reasons for Real Estate Funds

Predictable and safe Returns

Real estate funds generate attractive long-term investment and distribution yields that are remarkably above the average of other asset classes. A profitable investment opportunity - especially in times of low interest rates.

Stable Swiss Real Assets

Real estate funds invest in properties. They often provide the necessary stability to a balanced and diversified asset portfolio. The correlation to other asset classes is low, as is the volatility.

High stability

Broadly diversified thanks to distribution across a large number of properties. Stable and secure revenues due to conservative leverage and low vacancy rates.

Inflation protection

Real estate funds largely protect against inflation. If interest rates rise, rental income tends to rise as well.

Investor-friendly and tradable

Real estate funds are transparent and open to public investors as well as qualified investors. You can purchase units at all Swiss banks. The funds are subject to the strict supervision of FINMA.

Reasons for Helvetica

✓	Proven track record of expertise Helvetica has long-standing experience and a solid track record.
✓	Entrepreneurial and hands-on Through careful investment management as well as consistent management, Helvetica generates attractive investment and distribution yields and stands for solid earnings development.
✓	Stable investment performance Helvetica achieves attractive returns. This is ensured by its excellent market knowledge and sound investment concept.
✓	Independent and customer-friendly Helvetica is independent in every respect and committed to its customers with meaningful, detailed and comprehensive reporting.
